

How to Get Green "To Go"

Introducing Earth-Friendly Takeout Boxes

USFI GreenWorks clamshell takeout boxes have excellent "green" credentials, and work just as beautifully as ordinary clamshells. Produced by recycling sugarcane pulp that would normally be discarded or burned, they're certified compostable by the Biodegradable Products Institute (BPI).

Great USFI GreenWorks Clamshell Facts:

- A rapidly renewing resource that takes only 18 months to grow and harvest
- Resistant to grease and cuts
- Microwave safe
- Freezer safe
- Sturdy – no need to double up
- Composts in a commercial facility in 45-60 days

Available in a full range of sizes, GreenWorks clamshells are affordably priced with a 10-case, "your choice" minimum order. You can mix and match sizes for your 10-case minimum.
